Google Contacts

Matt Richards Level 1

Mar 6

I have deleted two domain accounts and yet the continue to be displayed in the Contacts>Directory list of accounts. When I select the account, the option to delete it is grayed out.

Does anyone know how to delete these account?

Domain Name: [sixcycle.com](#)

Edition: business

Users Affected: 3

Problem Description: Deleted accounts still show in the Contacts > Directory

Steps to Reproduce: Delete a domain account and go to the Directory
